

## What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students and teachers develop together by grade level. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

### Jointly Developed

Mt. Zion Elementary collaborated with teachers, students, and parents to jointly develop the School-Parent Compact for Achievement.

Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year in the Spring and Fall 2018 to review the Compact.

Parents are welcome to contribute comments at any time. For more information, contact Benjamin Scott, Parent Liaison, at 770-968-2935 Ext 6

## Building Together

### Building Partnerships

Mt. Zion Elementary welcomes parental and community partnerships through:

- Partners in Education program
- PTO
- School Counsel
- Parent University
- Family Curriculum Night
- Open House
- Meet & Greet
- Parent Resource Center

### Communication about Student Learning

Mt. Zion Elementary School is committed to two-way communication with families about children's learning. Some ways you can expect us to communicate with you are:

- Provide frequent reports to parents on their children's progress
- Provide parent-teacher conference which will be held annually, during which the compact shall be discussed as the compact relates to the individual child's achievement
- Provide reasonable access to staff opportunities to volunteer and participate in their child's class, and observation of the classroom
- Students' Weekly Folders (Blue Folders)
- Principal Talk Back Sessions
- Written Notifications
- Infinite Campus
- School Website
- Monthly Newsletters
- Email

## School-Parent Compact for Achievement 2018-2019

### Mount Zion Elementary School

### 3<sup>rd</sup>-5<sup>th</sup> Grade Content

### For Student Success

Last Revision Date: **August 31, 2018**

**Rochelle Harris, Principal**

## Our Goals for Student Achievement

### District Goals

#### The district goals for 2018-2019 are:

80% of all students are proficient and distinguished in all content areas by 2023.

### Mt. Zion Elementary School Goals

To increase mathematics proficiency on the Math Georgia Milestones by 3% by May 2019, our school will focus on the following areas in grades 3 - 5:

#### School-wide Area of Emphasis

- Multiplication and division facts within 100
- Addition and subtraction of fractions with like denominators
- Development of equivalent fractions especially fractions with a numerator of 1
- Addition and subtraction of fractions with unlike denominators
- Developing fractions and equivalent fractions especially fractions with numerator 1
- Encourage authentic partnerships between educators, parents and students
- Addition and subtraction of fractions with like denominators
- Development of equivalent fractions especially fractions with a numerator of 1

## In our Classrooms

The 3<sup>rd</sup>-5<sup>th</sup> grade team will work with students and their families to support students' success in math. Some of our key connections with families will be:

- Provide families with multiplication and division math fact drills to practice at home.
- Provide families with access to math websites such as Khan Academy ([www.khanacademy.com](http://www.khanacademy.com)) and Learn Zillow ([learnzillow.com](http://learnzillow.com)) to practice solving math problems at home.
- Provide families with practice constructed-response math questions for use at home.
- Provide families with monthly newsletters.
- Provide families with Parent Academic Workshops focusing on Math Skills.

**Parents are welcome to contribute comments at any time. For more information, contact Benjamin Scott, Title I Parent Liaison, at**

**770-968-2935 Ext 6**

## Mt. Zion Students

Mt. Zion Elementary School students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in math and science. Students thought of the following ideas to make connections between learning at home and school:

- Practice multiplication and division math fact drills at home in the monthly newsletter.
- Access websites for Khan Academy ([www.khanacademy.com](http://www.khanacademy.com)) and Learn Zillow ([learnzillow.com](http://learnzillow.com)) to practice solving math problems at home.
- Practice constructed-response math questions at home. Review monthly newsletters with parents and practice new math concepts at home.
- Use math study guide at home to help me with homework and study for tests.
- Access iReady

## At Home

Mt. Zion Elementary parents joined staff to develop ideas about how families can support students' success in math:

- Practice multiplication and division facts with my child at home with my child.
- Access websites for Khan Academy ([www.khanacademy.com](http://www.khanacademy.com)) and Learn Zillow ([learnzillow.com](http://learnzillow.com)) so my child can practice solving math problems at home.
- Practice constructed-response math questions at home with my child.
