

## What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students and teachers develop together by grade level. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

### Jointly Developed

Mt. Zion Elementary collaborated with teachers, students, and parents to jointly develop the School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year in the Spring and Fall 2021 to review the Compact.

Parents are welcome to contribute comments at any time. For more information, contact Benjamin Scott, Parent Liaison, at 770-968-2935 Ext 6

## Building Together

### Building Partnerships

Mt. Zion Elementary welcomes parental, family and community partnerships through:

- Partners in Education program
- PTO
- School Counsel
- Parent University
- Family Curriculum Night
- Open House
- Meet & Greet
- Parent Resource Center

### Communication about Student Learning

Mt. Zion Elementary School is committed to two-way communication with families about children's learning. Some ways you can expect us to communicate with you are:

- Provide frequent reports to parents on their children's progress
- Provide parent-teacher conference which will be held annually, during which the compact shall be discussed as the compact relates to the individual child's achievement
- Provide reasonable access to staff opportunities to volunteer and participate in their child's class, and observation of the classroom
- Students' Weekly Folders (Blue Folders)
- Written Notifications
- Infinite Campus

## School-Parent Compact for Achievement 2021-2022

Mount Zion Elementary School

## 3<sup>rd</sup>-5<sup>th</sup> Grade Content For Student Success

Last Revision Date: October 19, 2021

# Teachers, Parents, Students – Together for Success

## Our Goals for Student Achievement

### District Goals

#### The district goals for 2022-2023 are:

By 2023, Clayton County Public Schools will increase the percentage of student scoring at the Proficient and/or Distinguished levels on the Georgia Milestone to at least 80% in all content areas.

### Mt. Zion Elementary School Goals

To increase mathematics and reading proficiency on the Georgia Milestones by 3% by 2022-2023, our school will focus on the following areas in grades 3 - 5:

#### School-wide Area of Emphasis

- Multiplication and division facts within 100/Reading to learn instead of learning to read
- Addition and subtraction of fractions with like denominators
- Development of equivalent fractions especially fractions with a numerator of 1
- Addition and subtraction of fractions with unlike denominators
- Developing fractions and equivalent fractions especially fractions with numerator 1
- Encourage proficiency in all content areas
- Connecting all subject areas through reading
- Encourage authentic partnerships between educators, parents and students
- Increasing reading comprehension

## In our Classrooms

The 3<sup>rd</sup>-5<sup>th</sup> grade team will work with students and their families to support students' success in math. Some of our key connections with families will be to provide:

- families with multiplication and division math fact drills to practice at home.
- families with age-appropriate literature to ensure constant reading.
- families with access to math websites such as Khan Academy ([www.khanacademy.com](http://www.khanacademy.com)) and Learn Zillow ([learnzillow.com](http://learnzillow.com))/iReady to practice solving math problems and reading at home.
- families with practice constructed-response math questions for use at home.
- families will read short passages to encourage student reading comprehension
- families with monthly newsletters.
- families with resources targeting all content areas
- families with Parent Academic Workshops focusing on Math Skills and reading.
- afterschool assistance.

## Mt. Zion Students

Mt. Zion Elementary School students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in math and science. Students thought of the following ideas to make connections between learning at home and school:

- Practice multiplication and division math fact drills at home in the monthly newsletter.
- Reading together with parents.
- Access websites for Khan Academy ([www.khanacademy.com](http://www.khanacademy.com)) and Learn Zillow ([learnzillow.com](http://learnzillow.com)) to practice solving math problems at home.
- Practice constructed-response math questions at home. Review monthly newsletters with parents and practice new math concepts at home.
- Use study guide at home to help me with homework and study for tests.
- Have parents check homework before completion.
- Access iReady at school and at home

## At Home

Mt. Zion Elementary parents joined staff to develop ideas about how families can support students' success by:

- Practicing multiplication and division facts with my child at home with my child.
- Reading with students at least 20 minutes a night
- Access websites for Khan Academy ([www.khanacademy.com](http://www.khanacademy.com)) and Learn Zillow ([learnzillow.com](http://learnzillow.com)) so my child can practice solving math problems at home and during recess
